Recruitment of School of diagnostic innovation in Biodesign Fellows (SiB Fellows)

Recruitment Notice No. THS/RN/13/2024

BRIC-Translational Health Science and Technology Institute (THSTI) is an Institute of the Biotechnology Research and Innovation Council, Department of Biotechnology, Ministry of Science & Technology, Govt. of India. The institute is an integral part of the interdisciplinary NCR Biotech Science Cluster located at Faridabad, and is designed as a dynamic, interactive organization with the mission to conduct innovative translational research and to develop research collaborations across disciplines and professions to translate concepts into products to improve human health.

BRIC-THSTI has built several inter-institutional collaborations and connectivity with industry supported by well-trained teams of research and laboratory staff. THSTI has established various centres namely (a) Centre for Maternal and Child Health, (b) Centre for Viral Therapeutics and Vaccines (c) Centre for Tuberculosis Research (d) Centre for Microbial Research, (e) Centre for Immunobiology and Immunotherapy (f) Centre for Drug Discovery (g) Clinical Development Services Agency (h) Computational and Mathematical Biology Centre (i) Centre for Bio-design and Diagnostics. These centres are strengthened by many core facilities viz. Bioassay Laboratory, Biorepository, Biosafety Level -3 Lab, Data Management Centre, Immunology Core laboratory, Multi-OMICS facility, Experimental Animal Facility, Vaccine design and Development facility, School of Innovation in Biodesign etc that serve as huge resources for the research programmes of THSTI and also the National Capital Region Biotech Science Cluster and other academic and industrial partners.

School of diagnostic innovation in Biodesign (SiB) has been created at Translational Health Science and Technology Institute (THSTI) by Department of Biotechnology (DBT), Ministry of Science and Technology, Government of India. This fellowship program is being implemented at THSTI in collaboration with leading institutions in the country viz. Indian Institute of Technology-Madras (IITM), Christian Medical College, Vellore, PGI-Chandigarh and Venture Centre- Pune. The focus of this program is on medtech innovations for the development of affordable and accessible medical diagnostic technologies.

'SiB' has been a very successful flagship program of DBT which has led to development of more than 35 medtech products and 20 startups.

This call is open for the position of "**SiB Fellows**" at THSTI to work for innovation and product development in medical diagnostics.

The goal of the Fellowship is to foster a pool of social and science innovators in the Bio-design arena and to train them to become successful entrepreneurs. The fellows will be exposed to all aspects of the development, validation, commercialization and use of diagnostics. The innovators and entrepreneurs trained via this program are expected to provide niche skills in the domain of diagnostics and enable India to attain its goal of "Aatma Nirbhar Bharat".

The program is looking for millennials with passion for technology innovation and requisite skills for receiving training in clinical immersion, product innovation and entrepreneurship.

This recruitment is to fill up the vacancies under the project entitled "Inter-Institutional School of Diagnostic Innovation in Bio-design (SIB): A fellowship program for building next generation pool of diagnostic innovators and entrepreneur".
